

GASTON COLLEGE VETERINARY TECHNOLOGY BUILDING BRICK CAMPAIGN

The New Veterinary Technology Building

Gaston College's Veterinary Medical Technology program has been educating students to assist veterinarians in keeping our furry, feathered, and scaly family members healthy throughout our region for over 15 years. So the program can grow, we needed a larger and more modern space. In December 2018, construction began on the new 14,500 square foot Veterinary Technology facility to include additional classrooms and administrative areas. In addition, the building will have a reception area, animal exam rooms, surgery suites, a radiology room, and spaces to board, groom, exercise, and care for the animals in our program. For more information, please visit www.gastoncollegefoundation.org.

Engraved Brick Campaign

The Veterinary Medical Technology Engraved Brick Campaign provides an opportunity for supporters and friends of Gaston College to participate in the construction of the Veterinary Medical Technology Building. Each 8"x4" brick can be inscribed in honor of - or in memory of - a furry, hairy, or scaly friend, an animal lover; or your name. **Orders must be received by September 20, 2019.**

The bricks will be incorporated into the sidewalk in front of the new building on the Dallas Campus. All proceeds raised by the Brick Campaign will be used to meet the equipment and instructional needs of the new Veterinary Medical Technology Building on the Gaston College Dallas Campus.

Price: \$250/brick

Bricks can be ordered **online** or by mail.

To order online by credit card, please visit www.gastoncollegefoundation.org/bricks
